WHY WORK WITH US?

FOUNDED IN 1852, WILLMOTT DIXON IS A PRIVATELY-OWNED AND FAMILY RUN BUSINESS WITH 'PURPOSE BEYOND PROFIT'.

Social inequality and climate change are the focus of our business and we recognise that everybody has a part to play. In September 2020, we launched our new sustainable development strategy, 'Now or Never', with a series of ambitious and industry leading targets to achieve by 2030. The strategy and ambitions are themed to deliver 'Brilliant Buildings', to 'Build Lives' and enable a 'Better Planet'.

This strategy will help the NHS achieve its own target to be net zero by 2040 with an ambition to reach 80% reduction by 2028-2032.

We are financially stable with zero debt and a Dun & Bradstreet 5A1 covenant strength.

"IN THEIR RESPONSE TO OUR COVID19 REQUESTS... I KNEW ANYWAY BUT IT REINFORCED MY FEELING THAT WE ARE VERY HIGHLY VALUED BY WILLMOTT DIXON."

Geoff Walsh,
Director Capital,
Estates & Facilities, Cardiff & Vale
University Local Health Board

**“YOU HAVE
CONFIDENCE WHEN
YOU ARE WORKING
WITH WILLMOTT
DIXON AND I AM
LOOKING FORWARD TO
THE NEXT ONE BECAUSE I
KNOW IT WILL BE A POSITIVE
EXPERIENCE. I JUST FELT AS
THOUGH WE DELIVERED THE
BUILDING TOGETHER AND THEY
DID EVERYTHING THEY COULD TO
MAKE IT HAPPEN. I WOULD WORK
WITH WILLMOTT DIXON AGAIN AT THE
DROP OF A HAT.”**

Maria Demmon,
Project Leader,
Brooklands Health Centre,
Milton Keynes

WE ARE A CREDIBLE HEALTH SPECIALIST

with a strong portfolio and specialist Supply Chain. We deliver healthcare projects from £500k up to £150m across all sub sectors of health. Our team understands the challenges facing the sector from the need to rationalise estates, address significant backlog maintenance, integrate healthcare delivery and provide modern efficient whole life solutions often within live clinical environments; focused on ensuring exceptional patient outcomes.

WHAT CAN WE DO FOR YOU?

We offer a healthcare solution with a consultancy and advisory ethos; from initial procurement, sustainability and feasibility advice, estate and clinical service analysis through the process of business case writing and delivery of construction projects and beyond to the running and maintenance of the health asset.

OUR SERVICES INCLUDE:

- Strategic health planning - master plans, models of care and schedules of accommodation.
- Development solutions – business case development, strategic asset reviews, residual land value assessments, asset disposal strategies, land sourcing and alternative funding mechanisms.
- Pre-designed, technology driven, Design for Manufacture and Assembly, net zero carbon solutions.
- Design and construction management.
- Soft landings – familiarisation and training, extended aftercare.
- Post Project and Occupancy Evaluations.
- Integrated optimisation systems to guarantee in use energy performance.

and much much more....

**“I WOULD
RECOMMEND TO
ANYBODY HAVING
WILLMOTT DIXON ON
BOARD AS A MAIN
CONTRACTOR”**

Project Leader,
Milton Keynes Council

CASE STUDIES

UNIVERSITY HOSPITAL LLANDOUGH, SPINAL REHABILITATION UNIT

The new state of the art facilities will assist staff in providing an exceptional service for rehabilitating patients with spinal and neurological conditions. We also delivered urgent works during the project, so that the Health Board were able to offer additional Covid 19 beds to critical patients very quickly.

THE WHITEHOUSE HEALTH CENTRE, MILTON KEYNES

The new facility provides additional integrated health and care services to the town's expansion area. Willmott Dixon also supported growth in Milton Keynes, by investing in community initiatives; work placements, engagement with young people about career opportunities and voluntary projects that improve local environments. SME engagement and spend: 100%

ST MARY'S HOSPITAL, IMPERIAL COLLEGE HEALTHCARE NHS TRUST

PICU refurbishment and extension delivered in a live environment with works just 6 feet away from a live ICU cot.

Key outcomes upon completion:

- CQC rating moved from 25th to 1st in the country
- Infection rates drastically reduced
- Patient stays are shorter as recovery is quicker due to the more efficient and therapeutic environment
- Staff recruitment figures and retention improved

CASE STUDIES

EAST SUSSEX HEALTHCARE NHS TRUST

£2m ward refurbishment at Eastbourne Hospital.
Covid put extreme pressure on the Trust on capacity to treat patients in Nov/Dec'20. We accelerated works in order to provide additional bed space and handed over 6 beds early in December and the remaining 22 beds on 18th January 2021, 11 days early.

SUNDERLAND EMERGENCY DEPARTMENT

£15m Extension & Refurbishment
Progressive patient flows and lean working methodologies provide a layout to reduce waiting times and improve staff efficiency and patient privacy and dignity.

PEARS BUILDING, INSTITUTE OF IMMUNITY AND TRANSPLANTATION

The first specialist immunology centre outside the US.
The £49m building offers the very best laboratory facilities to enable 200 researchers to find cures and new treatments for global health problems including type 1 diabetes, cancer and organ rejection after transplantation.
